

# Welcome to *Restaurant Pinar*

## Anatolian specialties

The Pinar Restaurant always tries to get products from the region and supports regional suppliers. We make our kebab fresh daily from 100% veal in Jenzer-Natura-Quality from Arlesheim.

Our milk comes from the Lanz dairy, which is certified with the BIO-Suisse-Label.

The chicken is from the Aargauer Kneuss Guggelihof from particularly animal-friendly husbandry and the Ribelmais-Poulard from free-range husbandry from the St. Gallen Rhine Valley.

Sustainability and regionality is an important aspect for us, which is why we attach great importance to the sourcing of our products.

**Note:** Information about ingredients that may trigger allergies or intolerances is available on request from our service staff.
